Message from the Chief Justice and the Administrator of the Courts

Håfa Adai!

On behalf of your third branch of government, we are proud to present the 2019 Annual Report of the Judiciary of Guam. In it, we provide a glimpse into the work of the courts during the past year, to include summaries of our various programs, reports on the performance of all court divisions, and valuable statistics on a whole host of operations. And while all of that is important, what we most hope this Annual Report conveys is the dedication, resourcefulness, and excellence of our Judiciary employees. A stable and efficient seat of justice is the cornerstone of every society, and we have worked very hard to ensure that, even in the midst of sluggish economies and hardships of every kind, justice services never falter.

In the year ahead, we are excited about the capital improvement projects in the works, which will enable us to expand already successful and proven programs to meet the growing needs of our island, to maximize efficiencies and streamline operations, and to make our courts more accessible and user-friendly for our island community. We recognize that this report is coming to you during a very difficult time – not just for Guam, but for the entire world – as we all search for ways to navigate this unprecedented global crisis resulting from the coronavirus pandemic. Thanks to the modernization of our branch in recent years, we have been able to keep our courts running – albeit in a scaled-down capacity – while still doing all we can to keep employees, patrons, and the public safe.

But we are confident that, eventually, we will all get past this. Our work will continue. Community outreach will resume. Therapeutic programs will restart. And the wheels of justice will never be brought to a halt. As a Judiciary, we look forward to implementing our plans for the future of our justice system. In the meantime, we remain committed to providing access to justice through all means available.

Please take this opportunity to learn more about how your Judiciary is working to serve you.

Senseramente,

F. PHILIP CARBULLIDO
Chief Justice of Guam

Administrator of the Courts

2019 YEAR IN REVIEW

Celebrating Women in Leadership

For the first time in history, all three branches of government in Guam were led by women, or *famala'o'an*. In January 2019, the island's women leaders hosted a dinner for Retired Judge Consuelo B. Marshall of the U.S. District Court for the Central District of California, an active member of the Pacific Judicial Council since 2006 and former Chair of the Pacific Island Committee of the Ninth Circuit Judicial Council. In attendance at the dinner were Chief Justice Katherine A. Maraman, Governor Lou Leon Guerrero, Speaker Tina Muna-Barnes, Chief Judge Frances Tydingco-Gatewood of the District Court of Guam, and local judges and attorneys.

As part of Women's History Month, the Guam Bar Association (GBA), Judiciary of Guam, and District Court of Guam held *Celebracion Famala'o'an* on March 21, 2019, at the Outrigger Guam Resort Terrace. The social event celebrated women leaders in all three branches of government, was attended by the island's female judicial officers, GBA President Jacqueline Terlaje, and women attorneys.

Villagomez-Aguon sworn in as the Chief Probation Officer

On January 23, 2019, Rossanna Villagomez-Aguon was sworn in as the Chief Probation Officer for the Judiciary Probation Services Division. She was appointed by Chief Justice Katherine A. Maraman, who said, "Rossanna brings a unique perspective to support our current juvenile justice, pretrial, and adult reform efforts in the local criminal justice system that I believe will continue to provide effective community supervision to court-involved youth and adults." Ms. Villagomez-Aguon previously served as the Chief U.S. Probation and Pretrial Services Officer for the Districts of Guam and the Northern Mariana Islands from 2007 to 2016.

Oath of Office ceremony for Chief Justice Maraman and Judge Sukola

Two longtime judicial officers successfully retained their seats on Guam's local court, after a statutorily mandated retention vote held during the 2018 General Election. On January 30, 2019, both Chief Justice Katherine A. Maraman and Judge Anita A. Sukola were sworn in for new terms in the Supreme Court of Guam and Superior Court of Guam, respectively. Chief Justice Maraman served as a trial court judge for 14 years, and was appointed to the Supreme Court in 2008. Judge Sukola has served on the Superior Court since 2002.

Judiciary Health Fair

On February 13, 2019, the Judiciary of Guam hosted a TakeCare Health Fair at the Judicial Education Center, with representatives from FHP Dental, Medical and Vision Centers. Judiciary employees were able to undergo health screening, including tests for blood glucose and cholesterol, as well as assessments for blood pressure, body mass index, body fat, and weight. Fitness outlets and gyms including Guam Aikikai, International Sports Center (ISC), Custom Fitness, Synergy Guam, and Hilton Wellness Center were on hand to share information about their services. Employees also learned about alternative medicine from Haya Foundation, substance abuse services from New Beginnings, massage therapy from Sugar Hut Express Spa and Island Touch, and healthy food options from Boka Box. Fitness sessions were also offered as part of the Health Fair, with classes in kickboxing (Activate) and yoga.

Honoring Guam's History and Cultural Heritage

From March 25-29, 2019 the Courts and Ministerial Division of the Superior Court of Guam sponsored a *Biba Mes Chamoru* Spirit Week for the employees of the Judiciary. All were encouraged to use Chamorro greetings throughout the month of *Mes Chamoru*, and were given translations to enable them to use Chamorro phrases in the courtroom, instructing people to rise (*Fanohge put fabot*) and to be seated (*Fanmatâ'chong put fabot*).

During the Spirit Week, members of the *Kotte Familia* (court family) were encouraged to honor our island's culture. On *Alâhas Lunes* (Monday), many wore traditional and Chamorro-inspired jewelry. Employees learned to weave (*mâmfok*) coconut (*hâgon niyok*) leaves into various items, and flowers (*flores*) into headpieces (*henton ulu*) on *Mâmfok Mâttles* (Tuesday). *Mames Metkoles* (Wednesday) included a lesson in making a delicious Chamorro dessert, while *Henton Ulu Huebes* or *Tuhong* (Thursday) encouraged employees to wear coconut leaf woven hats or headbands, or floral headpieces. The week ended with *Silebrasion Mes Chamoru*, the Chamorro Month Celebration, where employees wore traditional attire such as mestizas and muumuus or island prints, and enjoyed snacks (*merienda*) in the Judicial Center Atrium.

Ensuring Compliance with the ADA

The Judicial Council approved the Judiciary of Guam's Service Animal Policy and Procedures during its April 25, 2019 meeting, ensuring compliance with local and federal laws to accommodate individuals with disabilities, and assist in their ability to appropriately access the Judiciary's programs and services. Judiciary marshals received training in June 2019, so that supervisors were knowledgeable about the new policy and the accompanying documents (Service Animal Waiver and ADA Accommodation Request Form).

2019 State of the Judiciary Address

On May 1, 2019, Chief Justice Katherine A. Maraman gave her third and final State of the Judiciary Address in her term as Chief Justice at the Guam Congress Building. Chief Justice Maraman highlighted the Judiciary of Guam's work with its progress in delivering the judicial branch's core mandates, even with the challenges of reduced appropriations in consecutive years.

"When we as a court system view all those who come through our doors as individuals with distinct circumstances and needs; when we begin to see our roles as more than just adjudicating guilt or fault and we make the systemic changes to reflect that; when we understand that there are often complex situational, medical or psychological triggers that lead some people into our courts -- then I believe this is when we as a Judiciary rise up and live out our highest purpose."

Guam Adult Reentry Court Formally Established

The first two participants of the Guam Adult Reentry Court successfully completed the treatment court on May 14, 2019, after nearly one year in the program. Led by the Judiciary of Guam, government and community-based organizations developed a strategic plan to ensure comprehensive, individualized service delivery for participants. Pre-release services include education, job skills training and treatment for substance abuse. Post-release services include counseling services, educational and job training programs, and housing and public assistance to qualified participants. "We have stayed true to the Reentry Court's mandate of organizational development, the use of risk and needs assessments, quality improvement, and data collection and management," said Presiding Judge Alberto C. Lamorena III, who presided over the Reentry Court.

Training to Promote a Trauma-Informed Approach

In May 2019, federal funding from the Substance Abuse and Mental Health Services Administration (SAMHSA) enabled 37 facilitators to receive trauma-informed training, using the Helping Men Recover curriculum developed to address men's unique issues and needs. Currently, 86% of the Judiciary of Guam's SAMHSA Adult Drug Court (ADC) Program participants are males, which reflects the program's historical trends. As such, it was important for ADC staff to be trained in an evidence-based trauma curriculum specifically for males. The 37 facilitators included Judiciary representatives from Client Services and Family Counseling, contracted therapists, and other treatment courts. The funding also enabled training of partner representatives and treatment providers, Guam Behavioral Health and Wellness Center, Lighthouse Recovery Center, Oasis Empowerment Center, WestCare Pacific Islands, TOHGE, Department of Corrections, and Sanctuary, Inc.

Launch of Employee Assistance Program

During the summer of 2019, the Judiciary of Guam launched its Employee Assistance Program (EAP), a voluntary, confidential referral program to help Judiciary employees with various life challenges that can affect their job performance, health, and personal well-being. The program was formally approved by the Judicial Council in January 2019, and is the first program of its type for the Government of Guam.

As part of the launch, 287 Judiciary employees attended an overview training in June 2019, learning about the EAP and how to access its services, and a presentation on effective stress management. EAP Coordinator Michelle "Nikki" Cruz used the results of employee surveys to facilitate presentations covering topics such as budgeting, home ownership, credit scores, diabetes, nutrition, suicide awareness, yoga, and mindfulness techniques. Presentations were conducted by representatives of Bank of Guam, Bank of Hawaii, SDA Wellness Center, and Guam Behavioral Health and Wellness PEACE Office. Nearly 100 employees attended the EAP presentations, which were held during lunch and after working hours. The EAP also helped employees with individual requests for assistance and referrals on a confidential, case-by-case basis.

Judiciary Receives Fifth Pro Patria Award

For the fifth time in six years, the Judiciary of Guam received the Pro Patria Award presented by the Employer Support of the Guard and Reserve (ESGR) Guam-CNMI Committee. During a ceremony on June 13, 2019, Justice F. Philip Carbullido and Deputy Administrator Robert Cruz received the recognition on behalf of the judicial branch. The Pro Patria Award is presented to one small, one large, and one public sector employer who has demonstrated the greatest support to Guard and Reserve employees through leadership and practices that make it easier for employees to participate in the National Guard and Reserve. It is the highest-level award bestowed by the ESGR Guam-CNMI Committee.

75th Liberation Day

In honor of the 75th Liberation of Guam, the Judiciary of Guam created a display to commemorate this important event in our history. The “Forever Tree” decorated by the Courts and Ministerial Division, reflected a patriotic theme for the annual observance, and was flanked by a U.S. flag presented by Guam Congressional Delegate Michael San Nicolas to Chief Justice Katherine A. Maraman on July 2, 2019. The flag had been flown over the U.S. Capitol for the Supreme Court of Guam in celebration of Guam’s Liberation Day. The Forever Tree and U.S. flag were displayed in the Atrium of the Guam Judicial Center from July 15-23, 2019.

Judiciary Employees Prepare Agana Heights Elementary for the New School Year

Dedicated court employees helped Agana Heights Elementary School get ready for the First Day of the 2019 School Year. On July 27, 2019, employees and members of the school community planted trees on campus, and cleaned and painted sidewalks, decks, and benches in support of the "Bumblebees." The Clean Up event was the third year of a renewed partnership with Principal Hannah Gutierrez, the school's Parent Teacher Organization, and Judiciary employees.

JUDICIARY OF GUAM 2020-2023 STRATEGIC PLAN

For more than a decade, the Judiciary of Guam has been and continues to be steadfast in its commitment to improve the administration of justice, engaging in strategic planning to guide the work of the court. In April 2019, the Judiciary contracted with the National Center for State Courts (NCSC) to develop an updated strategic plan. The NCSC implemented the principles of the High-Performance Court (HPC) Framework, which draws on four perspectives to aid court leaders in assessing how different groups involved in the court process are affected by its administrative practices: the customer perspective; the internal operating perspective; the innovation perspective; and the social value perspective. The process involved the use of the High-Performance Court Self-Assessment Survey, as well as phone interviews with judges and stakeholder focus groups by video conference.

Strategic Planning Workshop

On October 15, 2019, the NCSC facilitated a one-day High Performance Court/Strategic Planning workshop at the Judicial Education Center. Led by Ms. Patti Tobias, NCSC Principal Court Management Consultant, the workshop involved judicial officers, court administration and management, key government officials, and members of stakeholder groups, including: Lt. Gov. Joshua Tenorio; Major Andrew Quitugua, Guam Police Department; Director Melanie Brennan, Department of Youth Affairs; Director Linda Rodriguez, Bureau of Social Services Administration of the Department of Public Health and Social Services; Dr. Mary Okada, President of the Guam Community College; and others.

The day-long workshop began with a review of the goals and accomplishments of the 2016-2019 plan. Ms. Tobias then explained the strategic planning process and the High Performance Court Framework, and facilitated discussion on areas to be initiated, continued, and further developed. The attendees then worked in small groups for more focused discussions, and reported on goals, objectives, and implementation plans. The resulting Judiciary of Guam 2020-2023 Strategic Plan was published in December 2019.

COMMUNITY OUTREACH AND EDUCATION

Law Week 2019 - “Evolving Liberty: Guam 75 Years Later”

2019 marked a special year in Guam’s history as the island celebrated the 75th anniversary of Guam’s liberation from Japanese forces in World War II. Guam’s 2019 Law Week theme, **“Evolving Liberty: Guam 75 Years Later,”** called on the community to reflect on the development of the rule of law in Guam since Liberation Day, including the rights and liberties afforded to us—and the challenges we still face—today. The Law Week sponsors, the Judiciary of Guam, the District Court of Guam, and the Guam Bar Association (GBA) hosted a series of events to celebrate Law Week. To kick off the event, representatives from all three branches of government gathered for a joint proclamation and resolution presentation.

Law Fair

Over 30 legal organizations and court partners participated in the annual Law Fair, providing outreach and education about their respective programs and services. Several hundred people visited the courthouse for this event, watching students perform mock trial plays, enjoying food from various food trucks, and participating in a scavenger hunt and passport activity that encouraged them to visit court partnership booths.

Presidential Lecture Series

In partnership with the University of Guam and its President, the University hosted a special Law Week presentation as part of its Presidential Lecture Series. The featured panelists were comprised of three distinguished Guam attorneys: Joaquin Arriola, Sr., former Speaker of the Ninth and Tenth Guam Legislatures and an active member of the Guam bar for over 65 years, who shared his experiences as a teenager during the Japanese Occupation; the Honorable Joaquin Manibusan, Jr., U.S. Magistrate Judge of the District Court of Guam, who spoke about the development of Guam law in the years following the war; and Attorney General Leevin Camacho, who focused on the unique challenges Guam continues to face as an unincorporated territory of the United States. The lecture was livestreamed on the University's Facebook page and made available on its YouTube page.

Fairy Tale Mock Trials

Island residents packed the courtrooms to observe the fairy tale mock trial plays, the most popular Law Week event. The event attracted hundreds of elementary and middle school students who enthusiastically reinterpreted classic stories in a courtroom setting. Many island residents also attended the Judiciary of Guam's Open House which included guided tours of the Superior Court of Guam and Supreme Court of Guam.

Island-wide High School Mock Trial Competition

The Law Week sponsors honored the island's high school students at a special Mock Trial Awards program held during the Law Fair for their participation in the High School Mock Trial Competition. The winners were:

First Place – Okkodo High School

Second Place – Academy of Our Lady of Guam

Third Place – St. John's School

Two-time winner, Okkodo High School, represented Guam in the 2019 National Mock Trial Championship in Athens, Georgia.

Coloring, Art, and Essay Contests

The artistic talents of the island's elementary school children in grades K-5 were displayed in the Judiciary of Guam's atrium throughout Law Week. Hundreds of colorful artwork entries were submitted for the Art and Coloring Contest. Middle and high school students participated in the local Law Day Essay Contest, which asked them to write about what the Law Week theme, "Evolving Liberty: Guam 75 Years Later" meant to them and to include specific examples of rights and liberties afforded to the people of Guam since Liberation Day, and the challenges to liberty we continue to face today.

Hustisia Award

The Hustisia Award recognizes a person or organization that has contributed significantly to the administration of justice and good government in Guam. The 2019 Hustisia Award was presented to the Guam Chamber of Commerce, who has worked with the Judiciary of Guam for the past 15 years to provide financial and mentoring support to individuals in the Adult Drug Court and Juvenile Drug Court programs.

Relay for Life 2019

The Judiciary of Guam continued its long tradition of supporting the American Cancer Society's Relay for Life held in May each year. Relay For Life brings communities together to celebrate cancer survivorship, remember loved ones lost and empower teams of families, friends and colleagues to raise funds to fight back against cancer. Team Kotte answered the call and through its fundraising efforts reached Platinum donor status. The team joined hundreds of participants from across the island at the George Washington High School track during the parade of teams, and participated in the luminaria and closing ceremonies.

Constitution Week 2019

In September, the Judiciary of Guam held its annual Constitution Week celebration to promote a better understanding of this historic document. Constitution Week was formally recognized with the promulgation of a Judicial Council resolution, and a proclamation signing with Gov. Lou Leon Guerrero. On Constitution Day, September 17, 2019, Presiding Judge Alberto C. Lamorena III appeared on KUAM Extra to discuss the importance of the Constitution and the protections it provides. Educational outreach efforts included presentations by Judiciary of Guam attorneys and law clerks to more than 200 public school students.

Back-to-Back Honors for Guam's Law Week Celebration

Two years in a row, the American Bar Association has recognized the island's annual Law Week celebration as the best in the nation. In February, the ABA formally presented the Law Day 2018 Outstanding Activity Award for Best Public Program to the Judiciary of Guam, the District Court of Guam, and the Guam Bar Association, at the ABA Midyear Meeting in Las Vegas, Nevada. In October, the ABA gave notice that Guam once again garnered the Outstanding Activity Award for Best Public Program for the May 2019 outreach events. The ABA noted that the "array of engaging Law Day activities is always so impressive." In total, Guam has received seven ABA Law Day awards since 2008 – a record unmatched by any other jurisdiction.

COLLABORATION AND PARTNERSHIPS

CSFC Guiding the Next Generation of Therapists and Counselors

Staff of the Client Services and Family Counseling Division (CSFC) played an active role in the education and training of the next generation of counselors, therapists, and social workers, by providing clinical supervision to the island's graduate students. In 2019, Judicial Therapist Intern Yvette Guison completed the 3,000 hours required for clinical licensure. After taking and passing licensure exams, she will be eligible to apply for full clinical licensure. In addition:

- Dr. Jean Wycoff supervised Ms. Angelika Beyond, who graduated in December 2019 from the University of Guam with a Master's degree in Community Counseling.
- Dr. Juan Rapadas supervised Mr. John Formoso, who is pursuing a Master's degree in Clinical Psychology from the University of Guam.
- Dr. Lisa Baza supervised Ms. Poonam Hemlani, who is pursuing a Master of Arts in Counseling at the University of Guam; and Ms. Rosario Perez, who is pursuing a Master of Social Work at the University of Hawaii-Manoa.

Angelika Beyond

The work of the graduate student interns involved assessing, evaluating, and treating court-ordered clients suffering from different emotional, behavioral, and psychological problems, related in part, to their court case. Working under close supervision by a licensed psychologist and licensed professional counselors, these students provided individual and group counseling to court clients, and applied a variety of counseling theories to issues of abuse, victimization, and adolescent behavior problems to help their clients develop positive behaviors.

Training the Island's Police Force

In partnership with the Guam Community College, Judge Maria T. Cenzone and Compiler of Laws Geraldine A. Cepeda taught classes for the Guam Police Department's 10th Police Officer Training Cycle in the summer of 2019. Classes were held at the Judicial Education Center, a state-of-the-art training center located in the Guam Law Library building. Judge Cenzone taught Criminal Procedure (CJ 150), ensuring the police officer trainees were knowledgeable about the criminal justice process, the American court system, and the U.S. Constitution with a focus on interpretation of significant U.S. Supreme Court cases. Ms. Cepeda taught Criminal Law (CJ200), introducing concepts surrounding the history, philosophy, and application of local Guam and U.S. federal law. The class also covered criminal classification and responsibility, and criminal offenses as defined in the common law and by Guam statutory law (Guam Code Annotated).

Safe and Drug-Free Schools Project

In 2019, the Judiciary's Safe and Drug-Free Schools Project continued to implement, train, and provide technical support in law-related, civic, and character-based education to the island's public and private schools. Through a school justice partnership over the past twelve years, the Judiciary of Guam and the Guam Department of Education (GDOE) aim to keep kids in school and out of court. The Project conducted training and outreach using evidence-based programs, innovative practices, and empowering strategies to spark a Kindness Revolution in our ever-changing island community. The Project endeavors to prevent youth crime, mistreatment, and violence by providing kids the tools to better problem solve, innovate, and collaborate. Judiciary certified trainers Joleen Respicio (Project Manager), Danielle Rosete (Superior Court Clerk of Court), and Lisa Baza (Individual, Marriage, & Family Therapist) train school students and staff, parents, stakeholders, and the community at large. The Project is funded primarily by the U.S. Department of Education Consolidated Grant to the Outlying Areas, administered by the GDOE Federal Programs Division.

Bullying and Violence Prevention Programs

The Judiciary's Safe and Drug-Free Schools Project implements the *Safe School Ambassadors® Program (SSA)* and promotes tenets of the *Olweus® Bullying Prevention Program* in schools to address bullying, violence, and other forms of mistreatment among youth. Both programs are nationally registered as Evidence-Based Programs and Practices that strive to improve school climate and culture, build empathy and resiliency, and promote respect for self and others. Academic performance is directly linked to the social well-being of students. In order to thrive in the learning environment, children must feel safe, happy, and supported by adults. Trainers conduct outreach throughout the school year to raise awareness by teaching students the term definitions, laws, consequences, and strategies to prevent harassment, intimidation, bullying, cyber bullying, and sexting/sex crimes using "UnSelfie" techniques and strategies, such as perspective-taking, self-control, and mindfulness. The SSA program empowers students to become Upstanders, not bystanders, and act as ambassadors in their schools and community. In September 2019, approximately 400 students and school staff from 10 schools were trained.

School Resource Officers (SRO) Program

SROs are probation officers who serve as school-based law-enforcement officers assigned to Guam's public high schools during the school year and summer school. SROs' triad responsibilities include law-related educator, law enforcement officer, and informal counselor or mentor within the context of knowledge, training, and expertise as a law enforcement officer. SROs are a liaison between school, court, police, and other law enforcement officers and agencies. Three pairs of SROs were assigned to the six Guam public high schools, alternating between two high schools on instructional days from January to September 2019. They assisted in handling 169 Guam Department of Education (GDOE) level three incidents (criminal in nature) and conducted approximately 371 law-related educational sessions to students in the high schools. More than 2,400 student surveys were administered and cumulatively, students perceive the role of the SRO in schools as adding value to their respective school's safety and security. The surveys showed that 61% of students support having an SRO in the school. On average, 40% of students feel SROs have reduced disciplinary behaviors and their fear of crime; and have increased their awareness of legal matters. Twelve percent of students (282) have spoken to the SRO privately on law-related matters.

Play by the Rules™ (PBR) Program

The PBR program teaches Guam-specific law to youth through a leading-edge curriculum proven to prevent youth crime. A student handbook, *Play by the Rules: Guam Laws for Youth*, with a color-illustrated, Q&A format covering over 200 laws, is provided for every student to own, take home, and share with their families. The interactive program aspires to develop more civic-minded, responsible, law-abiding young citizens. In December 2019, certified trainers conducted a workshop to school teachers.

Swearing-In for Tax Enforcement Personnel of the Department of Revenue and Taxation

On March 1, 2019, Chief Justice Katherine A. Maraman swore in tax enforcement personnel of the Department of Revenue and Taxation (DRT) as Special Deputy Marshals, investing them with the authority to legally enforce collections of unpaid taxes for the Government of Guam. As Special Deputy Marshals, these DRT personnel may seek unpaid taxes by filing a Writ of Execution or by effectuating the service of warrants consistent with Guam law. DRT Director Dafne Shimizu and Deputy Director Michele Santos were also deputized during the event.

Leading Change: Mapping Resources Workshop

On October 17-18, 2019, the Judiciary of Guam and the Office of the Lt. Gov. Joshua F. Tenorio hosted the Leading Change: Mapping Resources Workshop at the Judicial Education Center. The workshop, facilitated by Ms. Patti Tobias of the National Center for State Courts and Dr. Mary Fegurgur, Clinical Psychologist from the Guam Behavioral Health and Wellness Center, was part of a State Justice Institute initiative to improve the community and court response to mental illness. More than 70 government leaders and staff attended, including judicial officers, court supervisors and managers, senators and legislative staff, government attorneys, law enforcement, executive branch departments and agencies, and representatives from community-based organizations. The two-day workshop introduced and explained the Sequential Intercept Model (SIM), a conceptual framework for communities to organize targeted strategies to best address the behavioral health needs of justice-involved individuals at the local level. On the second day, participants were organized in separate working groups to develop an Action and Implementation Plan. Using the SIM model, the participants were able to identify local resources and gaps in services, decide on priorities for change, and develop strategies to increase networks to treatment and other services.

Marshal Services Division's Training and Staff Development

Throughout 2019, the Marshal Services Division's Training and Staff Development Services section continued its long history of providing training -- not only to the judicial branch's law enforcement officers -- but also to local and federal law enforcement and executive branch agencies.

Acting Capt. Vince Naputi and Deputy Marshal Cameron Mantanona conducted the following training events:

- Oleoresin Capsicum Aerosol Training (OCAT) Certification/Recertification; Monadnock Expandable Baton (MEB) Certification/Recertification; Tactical Handcuffing; and Judicious Use of Force Training to:
 - Department of Youth Affairs (DYA) - 3 Youth Corrections Officers
 - Department of Revenue and Taxation Division of Motor Vehicles (DMV) - 17 Employees
 - Guam Memorial Hospital Authority (GMHA) - 10 Employees
 - Guam Department of Education School Attendance Officers or truant officers (SAO) - 12 Officers
- Training in Basic Officer Survival and Introduction to Dignitary Protection, and Combatives and Gracie Survival Tactics (GST) to:
 - DYA - 3 Youth Corrections Officers
 - DMV - 17 Employees
 - GMHA - 10 Employees
- Training in Close Quarters Battle to:
 - DYA - 3 Youth Corrections Officers
 - 10 GMHA employees

In addition, the Marshal Services Division's National Criminal Information Center (NCIC) unit provided training on the Federal Bureau of Investigation's NCIC system to 49 people, and on the virtual Computerized Criminal History (vCCH) system to 56 people.

Judicial Officers Learn about Firearms and Self-Defense

During the Pacific Judicial Council (PJC) Biennial Conference held in September 2019, marshals from the Training and Staff Development Services section conducted training in firearms and self-protection to 20 judicial officers of the PJC member jurisdictions. Four classes were held in Basic Firearms Training, taught by Capt. Victor Camacho, which covered firearms safety, choosing the appropriate firearm, target acquisition, basic shooting stance, and other related matters. The judges also learned about Spontaneous Knife Defense from Magistrate Judge Jonathan Quan, Capt. Leo Diaz, Sgt. Dennis Tueller, and Deputy Marshal Dodd Montero. The three classes included demonstrations of "edge weapons" and the injuries that could be caused by them, the 12 basic strikes, safety, first aid, and environmental awareness. Magistrate Quan also demonstrated basic defense techniques, using a knife and flashlight, capable of being performed by a person of any skill level.

Operation Deviant Guard

Operation Deviant Guard is a collaborative effort focused on criminal offenders convicted of sex offenses. Two operations were held - February 25 to March 1, 2019 and August 5 to August 9, 2019, to validate the registration of sex offenders residing in Guam and to act on outstanding warrants of arrest. The operations involved the Judiciary's Sex Offender Registry Office with officer support from other units within the Probation Services Division, the Judiciary's Marshal Services Division, the Department of Corrections Parole Office, and federal agencies including the U.S. Marshals Service and the U.S. Department of Homeland Security, U.S. Immigration and Customs Enforcement. From these two operations, 252 physical addresses of registered sex offenders were verified, and five notices of non-compliance were filed with the Guam Attorney General's Office. In the August 2019 operation, 15 fugitives were arrested for various felony offenses.

Kontra I Pilgru 2019 Exercise

On July 30, 2019, the Judiciary of Guam joined, for the first time, the Government of Guam and federal law enforcement agencies in the *Kontra I Pilgru* exercise, a full-scale multi-agency exercise to test coordination amongst the agencies in a controlled environment. The exercise involved the island's law enforcement and emergency service agencies responding to simulations of various crisis scenarios. For the Judiciary, the simulation involved marshals and probation officers responding to an active-shooter scenario and the detonation of a "dirty bomb" within Judiciary facilities. As it was the Judiciary's first time participating in such a training, the training exercise revealed both crisis response strengths and areas for improvement.

The background of the page is a detailed landscape painting. In the foreground, three large, weathered stone figures stand on a grassy slope. They are shaped like stylized human figures with large, rounded heads and thick, columnar bodies. The middle figure is smaller than the two flanking it. Behind them is a dense forest of trees with green and brown foliage. In the background, a calm body of water stretches across the horizon under a bright, hazy sky. The overall style is that of a classical oil painting.

Supreme Court Offices

The Supreme Court of Guam has administrative oversight over the following offices: the Compiler of Laws, the Ethics Prosecutor, and the Public Guardian.

Office of the Compiler of Laws

Throughout 2019, the Office of the Compiler of Laws continued to provide free access to Guam's primary legal materials through its website. Guam's statutory code, the Guam Code Annotated, was updated four times in 2019, as new legislation was enacted into law. Superior Court of Guam decisions and orders were available for the public to read online, with new decisions posted daily, as well as historical documents going back ten years. In addition, the Supreme Court of Guam appellate opinions continue to be accessible, with new documents posted online the same day of issuance. These legal resources continue to be searchable via the Judiciary of Guam Web Search feature. Despite the challenges of a reduced staff, the Compiler's Office continues to work toward expanding the Web Search feature to include current and historical executive orders and session laws.

Geraldine Amparo Cepeda, *Compiler of Laws and Guam Law Library Executive Director/Librarian*

Office of the Ethics Prosecutor

The Office of the Ethics Prosecutor is responsible for the investigation and prosecution of all matters involving allegations of professional misconduct by lawyers and judicial officers in the lawyer and judicial disciplinary systems, respectively, and the investigation into allegations of the unauthorized practice of law. In 2019, 27 new lawyer discipline matters were opened, in addition to 62 matters already pending. At the end of 2019, 62 matters remained open, including a number which were stayed or held in abeyance, and which consisted of: 17 opened in 2019, 14 opened in 2018, 20 opened in 2017, and 11 that were opened prior to 2016. Thus, 25 matters were brought to conclusion during 2019. One new judicial discipline matter was opened in 2019 but was closed after screening; and one matter opened in 2018 remains pending. The Office of the Ethics Prosecutor also addressed informal inquiries from members of the bar and the public regarding the lawyer and judicial discipline systems, explaining the disciplinary process to complainants and apprising them of the status of their complaints including final disposition.

Alberto E. Tolentino, *Ethics Prosecutor*

Office of the Public Guardian

The Office of the Public Guardian (OPG) serves as a guardian of the person or estate of an adult who, by reason of age, disease, or disability, is unable to properly manage and take care of him- or herself or his or her property without assistance. Referrals for guardianship services are submitted to the OPG from Superior Court of Guam judges; from families of adults who need assistance; and from government offices, including the Guam Memorial Hospital Authority and Skilled Nursing Unit, Guam Behavioral Health and Wellness Center, and Adult Protective Services of the Department of Public Health and Social Services. Community organizations, such as Catholic Social Services and St. Dominic's Senior Care Home, also contact the OPG for referrals and assistance.

OPG services to the wards vary according to each ward's needs. Routine activities include preparing and disbursing allowances, assisting wards with making purchases, attending medical appointments, consenting to medical procedures, renewing benefits, and providing other necessities of daily life. The OPG also takes care of the wards with their own money derived from income and/or benefits for which they are eligible.

The OPG assists and advises guardians, those who are seeking to become guardians, and the court in proceedings involving the appointment and supervision of guardians. In 2019, a total of 76 guardians attended the OPG's Guardianship Training Program. The Public Guardian also conducted training sessions at the University of Guam for the Guam/Micronesia Geriatrics Workforce Enhancement Program on October 12, 2019 and November 14, 2019.

The OPG wards, who generally do not have family or friends to serve as guardians, received kindness and generosity during the holidays from "Cookie Elves" led by Ms. Cynthia Cabot, and the Judiciary family of judicial officers and employees, who presented the wards with gifts and baked items. The OPG also acknowledged the charitable donations by the Ann Muna family as expressions of the true meaning of Christmas: rather than giving their children presents, they gave substantial gifts to the Guma Mami's Community Homes also known as the Mary Clare Home or the Independent Group Home.

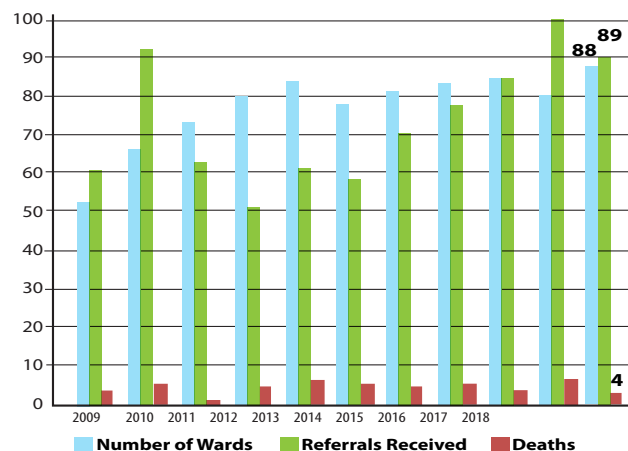

Marcelene C. Santos, *Public Guardian*

As part of the Judiciary of Guam's Civil Justice Reform initiative launched in late 2018, the Superior Court implemented a new case cover sheet for all non-criminal filings to assess the landscape of such filings. The pilot initiative is focused primarily on civil and domestic cases and the data captured from the case cover sheet reflects the top causes of actions in civil and domestic cases.

Courts and Ministerial Division

The Courts and Ministerial Division (C&M) serves a fundamental role in the judicial process and is essential to court operations. The C&M staff provide quality, efficient, and effective service to all judicial officers, attorneys, and the public at two court locations – the Guam Judicial Center in Hagåtña and the Northern Court Satellite in Dededo. Some essential duties of C&M include managing and processing all Superior Court of Guam case filings; maintaining the custody and control of all Superior Court records; assembling juries; providing court transcription services; preparing court clearances; and processing traffic citations.

Other essential services include the fair and equitable assignment of cases to Superior Court judicial officers, providing support staff for judges' chambers, managing the Court Interpreter Registry Program, and facilitating the use of the Self-Represented Litigants Kiosk by persons representing themselves in court proceedings. In 2019, C&M continued its efforts with the pilot Civil Justice Reform initiative and the Tax Refund Offset Program for outstanding traffic citations.

C&M includes the following units:

- Intake, Mid-intake & E-Filing
- Records
- Traffic Violations Bureau
- Small Claims Court
- Team Units
- Appeals
- Jury Unit
- Master Calendar Cases
- Court Reporters Unit
- Court Interpreter Registry Program

Court Interpreter Registry Program

To ensure the integrity and accuracy of Judiciary of Guam proceedings and equal access to justice, the Judiciary's Court Interpreter Registry Program (CIRP) provides language assistance and services to individuals with Limited English Proficiency or who are Deaf and Hard of Hearing. CIRP Program Coordinator David Welle conducted three Court Interpreter Basic Skills Training sessions in 2019: April 29-30, August 22-23, and December 19-20. He conducted a refresher course to 18 interpreters on November 14, 2019, enabling them to maintain their qualification on the registry.

Three Oath of Interpreter ceremonies were held in 2019, qualifying 27 new interpreters for the registry. At the end of 2019, there were 141 interpreters registered with the CIRP; 80 active and 61 inactive due to full-time employment, relocation, or death. The CIRP assists with the provision of services in the following 21 languages and dialects:

Jury Unit

The Jury Unit oversees the jury process for matters brought before the Superior Court of Guam and is primarily responsible for ensuring the availability of grand jurors and trial jurors. Each year, thousands of island residents representing a fair cross-section of the community are summoned for jury duty. The Jury Unit conducts orientations to provide jurors with the necessary information for jury service. In 2019, over 16,000 jurors were summoned and appeared for jury service.

Therapeutic Courts

Adult Drug Court

The Adult Drug Court (ADC) involves cases where defendants are charged with a drug offense (and may be charged with other criminal offenses). The goal of the ADC Program is to provide intensive treatment and counseling services to help participants with their substance abuse addictions. Participants eligible for the ADC Program must undergo frequent random drug testing and agree to sanctions for failure to comply with the program guidelines. There are two tracks in the ADC Program – ADC I for first-time possession offenders, and ADC II for repeat offenders whose offenses were related to drug or alcohol use.

In 2019, the ADC I Program provided drug and alcohol treatment services for 118 participants. Four graduation ceremonies were held with 22 participants successfully graduating from ADC I. The ADC II Program provided drug and alcohol treatment services for 31 participants throughout 2019. Three participants successfully graduated, ending the year with a total of 12 active participants.

MIS also supports the Enterprise Resource Planning (ERP)/Logos software database application, used to manage all human resource, purchasing and accounting transactions of the Judiciary. In addition to application maintenance and support, MIS maintains all security access servers for entrance throughout Judiciary facilities, video conferencing for inmate appearances, and facility management servers (air conditioning and elevator controls). MIS plays a critical role in hosting and maintaining law-enforcement databases used by both local and federal law enforcement agencies providing information relating to criminal history, background checks, warrants, sex offender history, and other information vital to enforcement of all local and federal laws. Probation Services Division

The mission of the Probation Services Division (PSD) is to reduce the incidence and impact of criminal behavior of court-involved juveniles and adults by using evidence-based practices and treatment strategies that change criminal thinking, produce positive outcomes, and ultimately increase community safety. In expanding the use of more data driven practices, individuals are held accountable and still have opportunities for successful outcomes. The division continues its work towards the use of assessment tools and case planning to gauge risk levels and identify need areas to better serve its clientele and the community by focusing resources and supervision on moderate to high-risk offenders.

2019 PROBATION SERVICES CASELOAD DISTRIBUTION

Probation Services Division (continued)

PSD is comprised of the Intake/Drug Testing Unit, Pretrial Services Section, Adult Probation Office, Sex Offender Registry, Adult Drug Unit, Juvenile Probation Office, Alternative Sentencing Office, and the Guam Immediate Violations Enforcement (GIVE) Program. The division holds a key role in seven treatment courts: Adult Drug Court, Mental Health Court, Veterans Treatment Court, Juvenile Drug Court, Guam Reentry Court, Driving While Intoxicated Treatment Court, and the Guam Family Recovery Program. PSD also tracks and enforces the payment of fines, fees, court costs, restitution payments to victims and court ordered treatment services, in addition to administering drug and alcohol testing, providing community service and service learning programs, and other educational/rehabilitative programs as part of a preventive effort to control the increase of new cases and reduce offender recidivism. In 2019, a new unit, the Electronic Monitoring Unit, was created as a result of the implementation of the Electronic Monitoring Program.

Protecting and keeping the community safe is accomplished by monitoring adherence to court orders for those clients released pending disposition of their criminal cases by holding them accountable when they fail to comply with any or all conditions of their pretrial release or probation through violation proceedings.
